Dec. 20 2913-2967
Dec. 27 3019-3075

A

Accounting—Repair records show maintenance costs. P. S. Huntley 296
Advertising—Pepperell's answer to business depression 2918
Spun silk drive ends—Japanese silk campaign nears 2568
What's in a name? 1944
American Assn. of Textile Chemists and Colorists—Hears technical papers and elects president 2818
American Farm Bureau Federation—Convention in Boston 2821
American Federation of Full-Fashioned Hosiery Workers—Wage scale discussed. 49
American Society of Mechanical Engineers—Engineers advised to co-operate with finishers 1994
New type of executive engineering urged in progress report 2698
American Society for Testing Materials—New D-13 specifications cover rayon and humidity 2003
American Woolen Co.—New officers 2813
Aviation—Parachute fabric must be trustworthy. J. Black 410

B

Banking attitude toward textile industry. H. G. Lord 2344

Belts

Belt-maintenance plan at Kendall Mills has fourfold purpose. W. W. McLeod. 1940
Loom sprinkled with cornstarch (Q) 68
Punch, rotary belt. W. F. Schaphorst.. 774

Bleaching

Angora wool bleaching (Q) 899
Cotton-rayon processing. Ray Cottrell... 2247
Cotton sheeting (Q) 2940
Dutchess bleachery modernizes equipment. H. M. Burke 1108
Gauze, bleaching (Q) 2010
Holes in bleached rayon underwear fabric (Q) 2716
Humidification and water purification.. 1994
Jerseys, scouring cotton, wool and rayon (Q) 900
pH—what it means to the mill man. C. E. Mullin 2348
Rayon-wool fabrics bleached and dyed. H. L. Ariente 1522
Soap for fulling and scouring (Q) 899
Woolen yarn bleaching (Q) 2258
Boston Wool Trade Assn.—Annual meeting. 2467
Bradford Conditioning House — Practices and standards 888
Broad Silk Manufacturers' Division of the Silk Assn. of America—Examination of finished broad silks 659
Business is better balanced 178

C

Carolina Cooperative Council — Celebrates tenth anniversary 1670
Carolina Yarn Assn.—Golf tournament.. 1680
Chain drives, how to make them last longer. C. R. Weiss 781
Charts visualize cost fluctuations. J. J. Berliner 2464
Chattanooga Textile Assn.—Golf at Chattanooga 1946
Chicago Yarn Men's Circle—Yarn men hosts to knitters at golf 1123

Costs

Dutchess bleachery modernizes equipment. H. M. Burke 1108
Graphic charts visualize cost fluctuations. J. J. Berliner 2464
Methods used by 57% of fine goods mills are sound 982
Plush manufacturing cost (Q) 900
Repair records show maintenance costs. P. S. Huntley 296
Systems in use in mills 46

Cotton

Distributor favors higher prices on cottons 1996
Hand-picked versus mechanically harvested. C. D. Brandt 980
Production—demand balance good..... 2817
Tape curves (Q) 677
Cotton index numbers, 1925-1930.. 1955. 2821
Cotton Manufacturers' Association of North Carolina—Suggestions for pushing "Made in N. C." campaign 2564

Cotton Manufacturing

Arkwrights' program for applied research endorsed 2570
Awning, record size 765
Bandage, weaving bender (Q) 1131
Broadcloth for shirts 1233
Calculations of use to cotton mills. H. D. Martin 1778
Center filling stop motion does not require improvement by the fixer. B. F. Hayes 2000
Coated cotton cretonne (Q) 564
Cop dyeing. H. Marsden 2924
Core filling has heavy places, cloth with (Q) 1964
Cotton—Textile Inst. & Natl. Assn. of Cotton Dress Mfgrs. conference..... 1329
Curtailment at hand, test of. Lincoln Bayles 1925
Depreciation rates for cotton textile industry held impracticable, standardized 1222
Draft in cotton carding, effects of change of. S. H. Sherman 1337
Drawing-frame rolls, settings for (Q)... 3044
Duplexing cotton and felt (Q)..... 2011
Dyeing in vacuum machine, raw stock prepared for 3046
Electric tape patented (Q) 433
English cotton industry fights to regain supremacy. Wm. King 546
Exports can cure textile ills. F. W. Jefferson 876
Exposition Cotton Mills, modernization by. C. L. Emerson 2816
Fiber study 47
Fine-goods merger embraces many mills. 1328
Finishing of cotton piece-goods. T. F. Hughes 2132
Fireproofing ducks and drills (Q)..... 1347
Forums for cotton manufacturers..... 1936
Internal Revenue Bureau admits impracticable standardized depreciation rates 2458
Knit goods, preventing curl in cotton (Q) 789
Laundries, power, as consumers of cotton goods 183
Laundry-bag mesh spreads (Q) 1131
Leno—full-turn or loop-the-loop (Q)... 1130
Loom belts sprinkled with cornstarch (Q) 68
Male plumage. S. W. Cramer, Jr..... 769
Markets developed for cotton goods... 1991
Men's wear finished (Q) 2366
Narrow fabrics, chain drafts and reeding for. E. J. Gibbons 554
National Assn. of Cotton Manufacturers' convention 1922
Oil-proofing cotton sheeting (Q)..... 2833
Paper pulp or cotton? (Q) 67
Pegging plans for gem-head pick and pick looms (Q) 898
Pepperell's answer to business depression 2918
Play-suits, fabrics for children's. Downey & Ellis 304
Plush manufacturing cost (Q) 900
Processing cotton-rayon. Ray Cottrell. 2351, 2247
Rayon increasingly important in cottons. 1495
Rayon waste in the cotton mill. C. A. Weston 1515
Rayon—when the cotton mill adopts. Philip Allen 1496
Re-covering of cotton spinning rolls. Geo. Rice 2460
Reed width to produce 40-in. cotton fabric (Q) 1552
Rick-rack braid, manufacture of (Q).. 2940
Ring spinning, speeds and twists in cotton. Wm. King 778
Russian-cord shirtings. Thomas Nelson. 880
Sheeting bleached (Q) 2940
Specific gravity of cotton (Q) 563
Spinning, observations based on half century in mill. G. F. Brietz..... 1942
Stained warp threads in cotton fabric (Q) 2585
Starting marks — bugbear of weave rooms. H. E. Wenrich 180
Tablecloth, cotton, finishing (Q) 2715
Tape, cotton—what's wrong with the industry? 658
Thermal transmission of fabrics. E. Freedman 58
Turkish towels, pile flattened (Q)..... 1964
Wet spinning of cotton (Q) 433

Cotton Textile Industry—General Arbitration Council planned 1229

Cotton Textile Institute

Cost methods sound used by 57% of fine goods mills 982
Depreciation rates for cotton textile industry held impracticable, standardized 1222
Employment of women and minors at night, recommends elimination of.... 1326
England, shows its wares in 993
Meeting—industry overwhelmingly endorses night work proposal 1930
Night work for women and minors unanimously tabooed 1544
Tribute to the institute 1767
Cotton Textile Inst. & Natl. Assn. of Cotton Dress Mfgrs.—Conference, third annual..1329

D

Depreciation rates held impracticable for cotton textile industry, standardized.. 1222
Internal Revenue Bureau admits impracticable standardized depreciation rates 2458

Design

Cotton mill adopts rayon. Philip Allen.. 1496
Cotton textile designs exhibited..... 1945
"Cotton tuxedos fail to stir my aesthetic emotion." R. A. C. Scott 983
Ends and picks, how many does weave call for? R. A. C. Scott 1230
Hoover's scrawling as pattern on cotton cloth 294
Looms, pegging plans for gem-head pick and pick looms (Q) 898
Male plumage. S. W. Cramer, Jr..... 769
Men's wear fashions forecast..... 424
Models from Pacific Mills style showing. 1221
Narrow fabrics—Chain drafts and reeding for. E. J. Gibbons 554
Using rayon to great advantage in. E. J. Gibbons 1509
Varied twill effects. E. J. Gibbons.. 988, 2354
Non-square woolen and worsted fabrics. R. A. C. Scott 2822
Paris, two dresses from 295
Rayon-fabric field. James Chittick.... 1503
Rayon flat crepe of quality. R. J. Spencer 2566
Russian-cord shirtings. Thomas Nelson. 880
Shoe fabrics revolutionized by rayon. H. M. Haney 2346
Styling in the modern way. J. A. Golden 301
Terry effect—weaving upholstery trimming (Q) 1792
Tuck-stitch patterns analyzed. G. L. Logan 2703
Wool lace vogue 1998
Woven fabric designs developed from a simple figure. T. Nelson..... 1112
Durene Assn. of America — Exhibition, permanent 56

Dyeing

Acetate fabrics — equipment essential. W. G. Young 3031
Cotton cops—modern practice in dyeing. H. Marsden 2924
Cotton napped fabric has streaks (Q).. 318
Cotton preparation for dyeing in vacuum machine (Q) 2584
Cotton raw stock preparation for dyeing in vacuum machine 3046

(Q) Questions and answers

670.5 V.78 pt.1

Cotton-rayon hosiery 1122
Cotton-rayon processing. Ray Cottrell..2247
Cre[illegible]ins—precautions in dye-i[illegible] Young 423
Cro[illegible]g not fast to (Q).....2258
Fil[illegible] boil out (Q).....2716
Fu[illegible] stock not fast to (Q)....
2259, 2476, 2716
Glove silk dyed with logwood black. T. P. Sheridan 668
Hosiery dyeing and delustering. N. D. White 1520
Humidification and water purification..1994
Mercerized fabric with tiger stripes (Q) 200
Oil in dyed hose (Q) 2260
pH—what it means to the mill man. C. E. Mullin 2348
Rayon fabrics, processing viscose. A. J. Hall 1516
Rayon-wool fabrics bleached and dyed. H. L. Ariente 1522
Resisting silk for picot tops (Q)..2134, 2475
Scouring cotton, wool and rayon jerseys (Q) 900
Sheepskin dyeing (Q) 1689
Streaks on cotton socks (Q) 1552
Yarn, nub has white spots (Q) 678

E

Edges of fabric prevented from fraying (Q) 2941
Elastic, fabric, see Knit goods.

Engineering

A.S.M.E. progress report urges new type of executive engineer 2698
Boiler furnaces—progress in coal firing. H. W. Brooks 51
Boiler plants automatic control. E. G. Bailey 53
Clean boilers reduce operating costs; determination of furnace volume. W. F. Schaphorst 1784
Cleaning cotton machinery discussed by S.T.A. 2128
Desuperheaters increase power plant efficiency. C. L. Hubbard.... 882
Electric motors in finishing....2702
Electrical-maintenance engineer. R. H. Rogers 542
Heat and power supply. W. F. Ryan... 54
Humidification and water purification..1994
Lubrication, belt maintenance and lighting efficiency analyzed for S.T.A. Master Mechanics 1781
Pulverized fuel's industrial application. W. L. Martwick 52
Stoker, traveling-grate. H. D. Savage.. 52
Stokers, underfeed. F. H. Daniels.... 52
Wood preservation with zinc chloride. H. E. Tufft 2125
Engineering, see also Power, Maintenance.

Exhibitions

Cotton dress materials at the Smithsonian Institution 175
Cotton textile designs exhibited in different museums 1945
Cotton Textile Inst. shows its wares in England 993
Display of synthetic yarns and unique fabrics collected by a professor of Clemson College 2255
Durene permanent exhibition 56
Fashion promenade for autumn.... 417
Greenville Show observers found confidence instead of gloom....2124
Power show discloses panorama of new developments 2694
Rayon machinery show at Frankfort. Dr. Kurt Roos 986
Southern Textile Exposition described..1980
Southern Textile Exposition—guide to exhibitors 1947
Wool style show held at American Farm Bureau Federation 2821

Exports

Association to be formed by 17 firms.. 43
Bathing-suits, expanding world market. W. Steele 777
Can cure textile ills. F. W. Jefferson.. 876
Rayon yarn imports 1924-1930....1487
Tariff-problem in rayon export to S. A. 2239
Textile Export Assn. formed under Webb-pomerene act 293

F

Fable 1325
Fashion, see Design.
Fiber control in worsted mill. Geo. Rice.. 425

Finishing

Alpaca finishing (Q) 2010, 2364
Broad silks, standards of examination proposed 659
Cotton fabric with high luster (Q)....1132
Cotton men's wear finished (Q).....2366
Cotton piece-goods finishing. T. F. Hughes 2132
Cotton-rayon processing. Ray Cottrell 2247, 2351
Cotton tablecloth finished (Q).....2715
Cotton worsted suiting finishing (Q)...1962
Crepe, cotton-rayon finishing (Q)..... 316
Duck, finishing colored (Q)..... 433
Fireproofing ducks or drills (Q).....1347
Fulling low-grade woolens. H. C. Roberts 2002
Knitted astrachan manufacture and finishing (Q) 2714
Lace finishing (Q) 677
Oil-proofing cotton sheeting (Q).....2833
Polishing heavy cord (Q).....1553
Processing viscose-rayon fabrics. A. J. Hall 1516
Removing spots and stains from rayon fabrics. E. R. Donaldson.....1334
Shoe gimp finishing (Q)..... 66
Silks, warp streaks in (Q) 317
Singeing machine doubles production. T. F. Hughes 1115
Size removing from woolen goods (Q)..1348
Sweater fabric finishing (Q).....1242
Tricot, shoddy (Q) 564
Waterproof, on shoe thread (Q).....1243
Fireproofing ducks or drills (Q).....1347
Full-fashioned Hosiery Exchange—Details of plan explained to knitters.....1328
Full-Fashioned Hosiery Mfgrs. Assn. — Wages discussed at meeting..... 49

G

Garage—where shall we locate? M. A. Hall 549
Garment Trade Conference 417
General Cotton Corp.—Fine-goods merger embraces many mills 1328
Glove fabric, pasting duplex..... 303

H

Harness well kept on looms. H. E. Wenrich 2250

Hosiery

Abrasions on silk stocking (Q)..... 432
Bands in rayon and silk stocking (Q).. 318
Bleached hose show streaks (Q).....2585
Broken ends in silk stockings (Q).... 900
Brown holes and spots in grenadine socks (Q) 1347
Circular stocking, defective (Q).....2144
Cotton-rayon dyeing 1122
Cotton socks with streaks (Q).....1552
Crepe and grenadine—soaking silk for throwing. H. C. Roberts..... 550
Crimps and loose stitches in half hose (Q) 1964
Degumming—boil-off oil and soap (Q)..1348
Delustering and dyeing. N. D. White...1520
Exchange plan explained to knitters, details of hosiery 1328
Fastness of color in hosiery. M. F. Chapman 1945
Full-fashioned, difference in shade (Q)..2716
Full-fashioned has spots (Q).....2586
Full-fashioned, holes in (Q) 1690
Full-fashioned hosiery machines—Carrier and Couler motions. M. C. Miller..1676
Jack and dividing sinkers on M. C. Miller 418
Knock-over, take-up and thread-tension motions. M. C. Miller 2572
Full-fashioned hosiery manufacture influenced by obsolescence. G. C. Aberle interview by W. C. Steele.....2690
Full-fashioned hosiery on one machine. M. C. Miller 2810
Full-fashioned leg differs from foot in shade (Q) 2834
Full-fashioned—pulled threads in (Q)..2259
Fuzziness in silk hosiery (Q).....2832
Fuzziness in silk hosiery. H. C. Roberts.1234
Grenadine—difference in shade (Q)....2365
Grenadine full-fashioned hosiery, shaded condition (Q) 2012
Grenadine hose varies in shade (Q)....1553
Grenadine hosiery, distorted stitches (Q).2476
Grenadine stockings, bars on (Q).....1132
Grenadine stockings have holes (Q)....2584
Grenadine—tying knots in (Q).....2364
Grenadine and crepe silk for hosiery (Q) 788
Holes in legs (Q) 2364
Landenberger plant permits modern production methods 1785
Lisle hose 1233
Manufacture (Q) 3045
Oil in dyed hose (Q).....2260
Piece rates and sections for full-fashioned (Q) 1130
Rayon—knitting principles which favor use of M. C. Miller.....1506
Rayon is future clothing of human race, knitted. John Chamberlain 2242
Resisting silk for picot tops (Q)..2145, 2475
Seamless, crinkles in (Q).....1688
Setting silk crepe thread (Q).....2941
Shade varies (Q) 1243
Shaded stocking (Q) 2476
Spot on full-fashioned (Q)..... 67
Spots and streaks on full-fashioned (Q) 1346
Spots on full-fashioned (Q).....2146
Stain removed (Q) 1001
Still-bath method of boiling-off hosiery. H. C. Roberts 1679
Streaks, spiral in half hose (Q)..... 562
Tram ends—finding number in pure thread silk hose (Q).....2940
Tram is tender (Q).....1132
Transfers removed (Q) 2715
White spots in hosiery (Q).....1964
Yarn for women's hosiery (Q)..... 678
Hydrogen-ion control pH—what it means to the mill man. C. E. Mullin.....2348

I

Imports, see Exports.

J

Japan—Rayon industry 1533

K

Knit Goods

Astrachan manufacture and finishing (Q) 2714
Bathing suit fabrics shrink (Q).....1002
Brown stains on knit goods (Q).....2012
Celanese prepared for knitting (Q).... 432
Cotton knit goods prevented from curling (Q) 789
Duplication of knit fabric (Q).....2585
Elastic-fabric mills aided by thread-tension devices. J. L. Alden..... 184
Elastic webbing uneven (Q)..... 678
Elastic webbing industry (Q)..... 788
Enlarged loops in circular rayon underwear (Q) 2941
Fancy material knitted (Q)..... 789
Glove fabric, pasting duplex..... 303
Higher cut, effect of on knit goods (Q) 677
Infants' knitted goods (Q)..... 790
Jersey cloth, fancy (Q)..... 198
Overcoatings, knitted. A. H. Thurston.. 766
Printing cotton knit goods (Q).....1347
Rayon elastic web, streaks and jagged edges in (Q) 1962
Rayon—equipment for knitting (Q)... 899
Rayon—knitting principles which favor use of. M. C. Miller.....1506
Rayon is future clothing of human race, knitted. John Chamberlain 2242
Riding breeches—woolen knit goods used for. H. Philips 770
Rubenstein patent. E. D. Fowle.....2814
Setting silk crepe thread (Q).....2941
Singeing woven elastic fabric (Q)..... 200
Tuck-stitch pattern analyzed. G. L. Logan 2703
Twist in knitted tubing (Q)..... 199
Uneven yarn in knit goods (Q).....2366

Knitting Machines

Automatic jacquard flat machine..... 901
Circular machines for imitating tricot net (Q) 317
Full-fashioned hosiery machines—Carrier and Couler motions. M. C. Miller...1676
Full-fashioned hosiery machines — jack and dividing sinkers on. M. C. Miller 418
Full-fashioned hosiery machines—knock-over, take-up and thread-tension motions. M. C. Miller.....2572
Full-fashioned hosiery on one machine. M. C. Miller 2810
Rayon-knitting principles which favor use of. M. C. Miller.....1506
Temperature has effect on knitting (Q) 564

L

Labor

Bulletin board for machine-shop. H. H. Iler 1673
Cotton Textile Inst. meeting—night work proposal 1930
Coton-Textile Inst. recommends elimination of employment of women and minors at night 1326
Danville union 1543
Executives in the mill.....1993
Graphic charts visualize cost fluctuations. J. J. Berliner 2464
Hiring—how do we hire? M. A. Potwin 1934
"Labor extension" misinterpreted 291
Night-run mills scored by converters..2921
Night-work honor roll 2541
Night work for women and minors unanimously tabooed by Cotton Textile Inst. 1544
Night work limitation approved by cotton sales yarn spinners.....1668
Night work—National Woman's Party answered 2571
Night work proposal by Whitman discussed by wool manufacturers.....2562
Night work recommended eliminated.... 987
Night work — Southern Cotton Manufacturers to the support.....2565
Night work urged discontinued by Eben Whitman 2455
Paternalism necessarily vicious? G. T. Schwenning 891
Piece rates and sections for full-fashioned hosiery (Q) 1130
Policy for the South. J. E. Edgerton.. 657
Religious life of mill village discussed..2922

(Q) Questions and answers

Single shift of 55 hours recommended by Ward Thoron 1926
Southern manufacturers solidly support Institute's night work proposal..... 1777
Unionization begets strife, not progress.. 413
Wage scale lower in Philadelphia..... 49
Labor, see also Overseer's Round Table.
Lace, wool—vogue 1998
Lights and lighting — Lighting efficiency analyzed for S.T.A. Master Mechanics. 1781
Painting textile mill interiors for light reflection and protection. T. J. Maloney 1116
Lubrication, see maintenance.

M

Maintenance

Belt maintenance, lighting efficiency and lubrication, discussed by S. T. Master Mechanics 1781
Belt-maintenance plan at Kendall Mills has fourfold purpose. W. W. McLeod. 1940
Boiler furnaces—progress in coal firing. H. W. Brooks 51
Boiler plants—automatic control. E. G. Bailey 53
Boilers reduce operating costs clean; determination of furnace volume. W. F. Schaphorst 1784
Chain drives, how to make them last longer. C. R. Weiss 781
Cleaning cotton machinery discussed by S.T.A. 2128
Dutchess bleachery modernizes equipment. H. M. Burke 1108
Electrical-maintenance engineer. R. H. Rogers 542
Garage? where shall we locate. M. A. Hall 549
Kendall Co. emphasizes preventive measures in its maintenance program. 3032
Lubrication for cotton-machinery 2699
Machinery modernization has advantages. B. G. Cone, interviewed by R. C. Maultsby 44
Motors—oiling and cleaning electric (Q) 433
Painting textile mill interiors for light reflection and protection. T. J. Maloney 1116
Pepperell keeps abreast of machinery modernization. Whitehead & Harrison, interview by J. A. Austin 540
Pulverized fuel's industrial application. W. L. Martwick 52
Repair records show maintenance costs. P. S. Huntley 296
Textile machinery with frequency of lubricating and cleaning 2700
Uxbridge Worsted Co. finds modernization one secret of success. H. J. Walter, interview by J. A. Austin.. 1666
Wood preservation with zinc chloride. H. E. Tufft 2125
Maintenance, see also Engineering, Power.
Merchandising—Yarn manufacturing and selling functions, coordinating 2808
Yarn trade satisfactory to neither seller nor buyer, present conditions in (Yarn merchandising to replace yarn peddling—series) 2452

Mergers

Bankers—and textile mergers 763
Inevitable, say George Harris in meeting of S.T.A. 1992
Notes on textile mergers 1663
Sound textile mergers essential. Wm. King 2704
United Merchants & Manufacturers, Inc., report good progress 2920
What are we going to do? merge. F. W. Jefferson 1928
Whitin Machine Works acquires Fales & Jenks and Woonsocket Companies.... 2927

Microscope

Cross sections of rayon in three minutes. K. G. Niblack 1997
Don't be afraid of the microscope! Edw. R. Schwarz 772, 886, 2930
Photomicrographs! E. L. Hodge..... 2244

Modernization

A.S.M.E. progress report 2698
Dutchess bleachery modernizes equipment. H. M. Burke 1108
Exposition Cotton Mills modernize. C. L. Emerson 2816
Full-fashioned hosiery manufacture influenced by obsolescence. G. C. Aberle, interview by W. C. Steele.... 2690
Machinery modernization has advantages. B. M. Cone, interview by R. C. Maultsby 44
New England Public Utility's activities in the textile field 2569
Pepperell keeps abreast of machinery modernization. Whitehead & Harrison, interview by J. A. Austin..... 540
Talbot Mills finds constant improvement of equipment a necessity. T. T. Clark, interview by J. A. Austin 2122
Uxbridge Worsted Co. finds modernization one secret of success. H. J. Walter, interview by J. A. Austin 1666
Wister Spinning Co. modernizes its garnetting equipment 2462
Mothproofing agent called "Konate"..... 415
